CHICAGO BOARD OF TRADE.

Chicago, Sept. 8.—Reports of fresh Bulgarian successes in Rumania did a good deal today to lift the wheat market here, and so, too, did current predictions of a bullish crop report from Washington. The close, although unsettled, was 2 to 3¢ net higher, with December at \$1.58 to \$1.58½, and May at \$1.57 to \$1.57½. Corn gained 1 to 2¢. Oats finished unchanged to 3¢ up, and provisions down 10 to 15¢.

Wheat prices at first showed considerable depression, owing to lower cable quotations, accompanied by Liverpool announcements of a general strike of mill operatives, and by word that British dealers were purchasing freely in Argentina, rather than in the United States. Authorities here, however, contended that wheat in the United States was relatively 10¢ a bushel cheaper than in Argentina. Then came dispatches that the Bulgarians had captured three seaports in Rumania and were waging battle over a wide front against the Rumanian and Russian forces together. Active speculative buying here ensued, and the market rose to the highest prices of the season for September and December, and nearly so for May.

From demand for cash wheat was evident. Corn mounted to the highest September price in twenty-four years, 3½ bushels, scaling by the principal holders, who, however, caused a reaction nearly to yesterday's finish. Guesses went wrong as to the government report on oats, as well as on corn.

Revisions of one to two points in the general list followed the publication of the government crop report, disclosing serious impairment of corn and spring wheat. Total sales of stocks amounted to 1,980,000 shares. Initial trading in "United Kingdom" 1½ cent notes at or near 98, testifying the steady bond market. Total sales, per value, were \$2,430,000. United States bonds unchanged on call.
